**Interested in bespoke training? Let us come to you.**

Our in-house, bespoke training builds knowledge and practice to help your teams work with deaf children. Our expert facilitators can come to you to deliver a workshop tailored to your needs. Our interactive workshops help you implement the best practice approaches in our toolkits and education resources that accompany each course. Choose from our courses:

- Assessing the educational progress of deaf children and young people
- Meeting the social care needs of deaf children
- Raising a deaf child
- Supporting achievement – in early year settings, schools or colleges
- Creating good listening conditions for learning in education
- Healthy Minds
- Supporting children with mild hearing loss
- Quality improvement for specialist education services
- SEN support and the Equality Act - supporting children without an Education, Health and Care plan
- Effective Education, Health and Care plans
- Family Sign Language trainer programme
